About SANKALP

At SANKALP, we believe that there is a winner in every student and that it just needs to be identified. We strive endlessly to discover this hidden potential of every student and work with heart and soul to enable every student to achieve his/her goal. We make concerted effort to make a difference to every single student.

At SANKALP we prepare students with subject knowledge as well as the skill to apply it in competitive examinations. To be successful, these components are equally critical and essential.

The academic programme at SANKALP is rigorous through which we develop problem analyzing and solving skills in students which makes even the most arduous problems easy to solve. We create a space for students to explore their subject knowledge to greater depths. Our faculties stay continuously updated in this ever changing competitive environment and design innovative ways of learning, teaching and testing.

Finally, we help students to objectively evaluate their test results and thus, mirror their preparation level for them to introspect.

Moreover SANKALP governs a disciplined immaculate system throughout, not only for the students but also for teachers and administrative staff. Each one at SANKALP is equally important and makes his/her own contribution, to the strong and time tested system of SANKALP.

Once a student joins SANKALP, he/she can be rest assured that they have a secure and hurdle free path ahead, walking on which they would definitely achieve their goals.

Sankalp Tutorials has been running for many years, starting its journey by the name of MATH ZONE. Its roots grew deeper, the trunk got wider and the height increased with time. Thus finally it emerged out as a larger tree with bigger shadow by the name of "SANKALP TUTORIALS", providing guidance and giving directions to all those who desire to opt engineering as their career.

Vision

At Sankalp our vision is to become the best brand
in the education field for engineering &
Medical Aspirants and turn their dream into reality by Providing
the highest quality of education

Mission

Our Mission is to unlock the opportunities for Engineering
and Medical Aspirants by Creating a Versatile
and Competent learning system

Values

Learning

Our learning
will be

Creative
Continuous
Shared
Enjoyable

Trust

We will exhibit
trust through

Honesty
Dignity
Belongingness
Transparency

Competence

Our competency
will be reflected
through

Pro-activeness
Perseverance
Achievement
Recognition

Dear Students,

When we take a glimpse of the yesteryears, we found that it was very comfortable for the students then to choose their career options. However, nowadays the scenario is far from that. Mere desire does not work in today's cut-throat competitive environment. One has to be aware of the latest examination patterns, and has to put efforts in the appropriate direction to pave his/her way to success. Therefore, **SANKALP** has taken the responsibility of bringing the best educator under one roof and creating a knowledge pool par excellence.

SANKALP has a significant education system with a humble birth and an institution where no student is ever neglected, where every action and thought is student oriented.

At **SANKALP** students are considered sparks of divinity, and teaching is considered as dedicated service towards divinity. An extraordinary combination of spiritual values and modern technology is what **SANKALP** is.

We ensure that our endeavour at **SANKALP** is to prepare students for life by developing in them, an analytical mind, the right attitude and a spirit of goodness backed by academic & competitive excellence.

Regards...

(Pargat Singh Brar)
Director

Teaching Methodology

Over the years Sankalp has developed teaching methodology, which has produced astonishing results year after year. This teaching methodology is

1. Uniform and highly standardised
- 3- Comprehensive and well planned

- 2 Evolved and Tested
4. Regularly monitored and updated

Regular Classes

Fundamental Learning Through rigorous & enriched classroom Experience

Quizzes

Weekly or even daily to help students put what they've learned into practice

Subject Covered

Physics, Chemistry, Maths/ Biology

Periodic Test

Part/Cumulative syllabus testing once in 2-3 Weeks

Doubt Solving Classes

Regularly held as per Academic need of Students

Revision Planning

Revision Planner, Minor, CR and Major Test

Class Frequency

5-6 Classes per subject per week

Class Duration

3 to 5 Hours in a Day

Books

NCERT Books, some standard Books

Orientation & Motivation Classes

Study Materials

Worksheet, Chapter practice problem

Clinic Classes

Special Classes arranged for week and missed Topics

Regular Feedback

Parent Teacher Meeting & Detailed Analysis after every major test

Digital Platform

Available only in case of Lockdown

JEE (Main + Advanced) division

"Only For dreamer of IIT"

"If you have set your aim high and more importantly- if you have the courage to say that you shall settle for nothing less than the best, then you are perfectly suited for these division."

Emphasis on making the student imbibe the fundamental concepts of Physics, Chemistry & Mathematics and on sharpening their analytical skill and parallel thinking process which makes them capable of creatively resolving complex and tricky problems by mere application of basic concepts for a quantum jump in their performance in JEE (Main & advanced). Each student has the right strategy for himself / herself Time MANAGEMENT to ensure optimum output. This enables the student to excel not only in JEE (Main & Advanced), Other Engineering Entrance Exams but also in XII Board Exams.

VISION COURSE (For XI Appearing Students)

Course duration: -Two year.

Course concept: Vision course is specially designed for class XI Appearing students aspiring to study in coveted IIT's the course prepare the students for JEE (Main+Advanced) Examination at a comfortable pace & in detailed manner. initially the course begins with the fundamental study for the syllabus & pattern of JEE. students will also be guided to prepare for other competitive exams like KVPY, olympiads etc.

Course structure:

- Five Day Class in a week & Cover Two Subject in a day. The entire course is divide into 2 academic session and six phase.
- Phase-1: First step to JEE
- Phase-2: Excel in XI part of JEE syllabus Included PT and quizzes
- Phase-3: Excel in XII part of JEE syllabus Included PT and quizzes
- Phase-4: Revision of important topic Included PT and quizzes
- Phase-5: Mock drill for JEE(Main)
- Phase-6: Special Rank improvement Programme advanced.

ACHIEVER COURSE (For XII Appearing Students)

Course duration: -One year.

Course concept: This course is specially designed for students who are currently studying in XII class and want to put in their best effort to crack IIT- JEE. student are taught entire portion of class xii syllabus a long with important and critical topic of class XI our objective is to help students prepare for JEE (M+A) keeping in mind the time remaining for exam. Student will also be guide to prepare for CBSE Board Examination.

Course Structure:

- Five Day Class in a week & Cover Two Subject in a day. The entire course is divide into 4 phase.
- Phase-I: Cover syllabus of XII Included PT and quizzes
- Phase-II: Cover important topic of XI Included PT and quizzes
- Phase-III: Mock drill for JEE (M)
- Phase-IV: Rank Improvement Programme

TARGET COURSE (for XII Passed students)

Course concept:-

This course is specially designed for students who would be taking their class XII board exams and are willing to dedicate one year for the preparation of JEE(Advanced). This course has been designed for students who intend to retake JEE for a better importance for those students who have not undergone specialized coaching /training for JEE (Main+ Advanced) during their class XI & XII. In this course ,entire syllabus of class XI & XII will be covered. Students joining this program are mentored to do focused study for one year to utilize remaining time for preparation of JEE (Main +Advanced) , their ultimate goal!

• **Course duration:- One year**

• **Course structure:-**

- Six Day Class in a week & Cover Two Subject in a day. The entire course is divide into 3 phase.

Phase-1: cover complete syllabus of JEE (M+A) Included Periodic Test and quizzes

Phase-2: Mock drill for JEE (Main) Including Concept Recapitulation Test (CRT)

Phase-3: Rank Improvement Programme for JEE(Advanced)

Distinctive feature:

- Lays solid foundation of basic concept of all the subject.
- The focus of course is more on concept building gradual improvement in the performance of students.
- Develop quick analytical thinking and systematic problem solving skill.
- Good practice of JEE problem which ensure the clarity of every small doubt.
- Systematic Completion of Whole syllabus of JEE (M+A)
- Coverage of Board syllabus after completion of JEE syllabus
- Highly Qualified & Experienced Faculty in Competitive Exam teaching.
- Research Based JEE Metrial.

Course content:

- Regular classroom Programme
- Periodic Test (Main)
- Periodic Test (Advanced)
- Minor Test (Main)
- Minor Test (Advanced)
- Chapter practice problem (CPP)
- Test analysis session
- Doubt classes
- Regular feedback

Impotent Note:- Three subject (Physics, chemistry, Mathematics) compulsory in these course

"Sincere, Hard Working & Dedicated JEE Aspirants Can Join ONLY"

JEE (M) & NDA (W) division

Our Classroom sessions for JEE Main course are so interactive that they serve as a perceptive guide since we value the significance of personal guidance in nurturing young minds to their absolute potential. We inculcate deep knowledge of the subjects in our students by means of our holistic approach which aids them in every aspect of life. We believe that there is a champion in every student which needs discovered. SANKALP endeavors to discover the hidden champions and so it brings together the most renowned faculty, the most comprehensive course material, and the best teaching methodology. Periodic tests at SANKALP are rigorous and give an actual simulation of JEE Mains and other top engineering entrance examinations.

NDA Through JEE:-Syllabus of NDA (W) similar to JEE syllabus if student prepare for JEE (M) exam properly it will sure to qualify NDA(W) exam and have one another carrier option parallel. As per new rule of UPSC for technical entry in defense it is compulsory for aspirants qualify in JEE(M).

| VIKAS COURSE (For XI Appearing Students) | NIPUN COURSE (For XII Appearing Students) | VIJETA COURSE (For XII Passed Students) |
|--|---|---|
| <p>Course duration:- Two year Course concept:-VIKAS course is for students who have a dream to pursue studies in NIT. The course prepare the students for JEE(main) and NDA (written) examination at a comfortable pace and in a detailed manner. Students will also be guided to prepare for CBSE board examination.</p> | <p>Course duration:- One year Course Concept:- VIJETA course is specially designed for students who are currently studying in class XI and move to XII and want to put in their best effort to crack JEE (M) and NDA (W). Student are taught entire portion of class XI syllabus along critical topic of class XI as per curriculum and content followed at "Sankalp" student will also be guided to prepare for CBSE board examination.</p> | <p>Course duration:- One year Course Concept: This course is specially designed students who are currently pass XII class and are willing to take break.for preparation of JEE(M) examination or GBPUAT exam. IT is an immediate help to those students who have not undergone specialized coaching / Training for JEE(M) during Their class XI and XII. our objective is to help students dofocused study for one year utilize remaining time for preparation of JEE:</p> |

FOUNDATION DIVISION (FOR IX/X appearing students)

Why 3/4 year classroom programme :- IIT have restricted the number of attempts of JEE (Advanced) students now have only two chance to prove them (first in class XII and second immediately next year),so increase the competition among the students. If you want very good rank (under 500) you do not have any choice other than to put a start as soon as possible from class IX / X to achieve the desired success in JEE.

Course concept: The goal of Programme is to get top rank in JEE (advanced). This Programme also help in scoring high marks in X and XII boards and also preparing students for NTSE/ KVPYP and other scholastic competitive examination. In this Programme also lays a strong foundation for international Olympiads by enhancing student potential. Students joining this Programme have more time to clear their fundamental and practice extensively for JEE (advanced), their ultimate goal.

Course structure :-

- Subjects covered will be science (Physics, Chemistry & Biology) Mathematics.
- Illustration of Basic concepts and core concepts of the subject.
- Simplifying the concepts through appropriate example.
- Clarification of concepts through various approach is and exercises including NCERT exercises.
- Revision of course after course coverage in a planed manner.

Distinctive feature:-

- Gives you more time to adopt to quantum jump in the level of difficulty with better ease as there is more time for understanding and consolidation, which is spread over a longer academic plan.
- More time to consolidate on one's performance and for self revision, polishing of examination temperament and removal of last moment doubt.
- Develop quick analytical thinking and systematic problem solving skill.
- Good practice of JEE problem which ensure the clarity of every small doubt.
- Highly Qualified & Experienced Faculty .

Course components :-

- Regular classroom Programme
- Exhaustive quizzes
- Test analysis sessions.
- Periodic tests on the latest pattern.
- Regular feedbacks.
- Home assignments/ Workbook
- Personal attention
- Special board classes
- Periodic tests
- Doubt classes
